

## **Brian Veale Board Nomination**

For the past 30 years I have held Senior Management roles specializing in Operations Management, Human Resources and Work Health & Safety. My roles are complimented with Diploma or Advanced academic qualifications. I have an employment history of working for two International Companies, Clarks Shoes Australia Pty Ltd and currently Gliderol International Pty Ltd who is the Glenelg Football Club Major Sponsor.

The Glenelg Football Club has been a major part of my life, having played at U/17 grade level and also umpiring the Glenelg Junior Squads for several years. These squads included Stephen Kernahan, Chris McDermott, Tony McGuinness and Tony Hall. I was the Club Head Trainer for 12 years cherishing the two League premierships in 1986-87. There was also a successful 20 year period of coordinating a sports training team for visiting AFL teams in Adelaide.

Being a Glenelg life member epitomizes my passion for the Club and a commitment to assist the Club to regain its former glory both administratively and on the sporting field.

I am confident that if my Board nomination is successful I can guarantee the Glenelg board and the members' good judgement, clear & precise decision making, a high level of commitment and a commonsense evaluation of all Club future strategies.
